

## PRES. TAFT IN SAVANNAH

Is Given a Banquet But Side-  
steps Punch

## GEORGIA IN GALA DRESS

And Gives President Most Cordial Re-  
ception—Attends a "Surprise  
Banquet" at Sa-  
vannah.

Savannah, Nov. 5.—President Taft is back on the Atlantic seaboard after fifty days of traveling. He crossed the state of Georgia yesterday, receiving further evidence of the affection that the South has for him. The president's reception in Mississippi, Alabama and Georgia has been the warmest he has got in any section of the country and he reached this city last night very happy.

At Macon the president encountered a real Georgia breakfast and conquered it. There he also fuddled a Georgia colonel's mint julep, but rejected it. Here last night, still in the prohibition state of Georgia, he side stepped a glass of the famous Chatham artillery punch, but accepted a helping of two of Savannah's celebrated stewed terrapin.

The Savannah feast was out of the ordinary; they called it a "surprise banquet." Each guest was supplied with a little basket and into it he laid his souvenirs. In each basket was a souvenir of a Savannah dish. The terrapin had been served piping hot in three dishes. Also your basket contained, if you had laid everything away properly and had not flirted too much with that artillery concoction, hand painted William H. Taft dishes, a cut glass decanter, which had contained apricot brandy, a souvenir stickpin bearing the seal of the city of Savannah, a china pin tray, that had held nuts, a red leather cigar case with your name on it; in fact, about everything

### A Spotless Sink

The kitchen sink can be kept as clean and dainty as the china washed in it—and why should it not be? After each dish-washing, make a suds in the dishpan with warm water and Gold Dust and rinse the sink thoroughly and it will remove the last particle of dirt and grease. Gold Dust has the peculiar quality of dissolving and cutting grease. These will never become clogged with grease if Gold Dust and plenty of hot water are used for washing the sink morning and evening.

### More Massacres in Turkey?

London, Nov. 5.—The Daily Telegraph's Vienna correspondent reports further Armenian massacres in Anatolia.

## Dyspeptics

Stomach trouble, indigestion, heartburn, gas, dyspepsia, and other stomach troubles. They are caused by the lack of digestive juices and the action of the stomach. They are cured by the use of Fels-Naptha. Put up in three sizes, 5c, 10c, and 25c. Sold by all druggists, and sent promptly by mail on receipt of price by C. I. Stetter, 1010 N. 1st St., Omaha, Neb.

If Made by Hood It's Good

## INDIGESTION GOES IN FIVE MINUTES

All Distress from Heartburn, Gas, Dys-  
pepsia and Other Stomach Miseries  
Vanish After Taking a Little  
Diapiesin.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, indigestible food or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Diapiesin costs only 50 cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why Diapiesin trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapiesin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite, but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapiesin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

that had been set before you except the hotel's silverware.

As to the artillery punch, it has been blamed for a good many things in Savannah. Admiral Dewey was sick after he had tackled it, but he protested that some bad salad was what knocked him out. President Arthur, after a Savannah banquet, also was laid up for three days but the old Chatham artillery would never admit that a single glass of its punch was as powerful as all that.

Taft himself is a total abstainer and he was glad of it, after hearing what had happened to others who were not acclimated.

When the president was speaking a dozen white doves were turned loose in the banquet room as symbols of a reunited country. The birds circled about the room in alarm while the guests cheered loudly.

## CHINESE LOAN MAY FAIL

Hankow Railroad Scheme is  
Opposed

## GENERAL FUND DESIRED

This Is to Be Spent as the Need Arises.  
Germany Is Said to Be Disturbed  
Over the Pro-  
posal.

Shanghai, Nov. 5.—The suggestion that the loan for the construction of the Canton-Hankow and Hankow-Soo Chuen railways will probably not be completed has provoked much discussion. It has also been suggested that China should make no further loans for specific objects, but a general government loan to be expended as necessity arises, and to be safeguarded by the appointment of foreign advisers in the board of posts and communications. The German group is especially disturbed over the present situation.

## AMSTERDAM MAYOR IN TROUBLE

Said to Have Made a Break in His Speech  
at New York.

London, Nov. 5.—A dispatch to a news agency from Amsterdam says that the government has called upon M. Van Leeuwen to resign the mayoralty of Amsterdam because during the Hudson-Fulton celebration at New York he declared that the United States would interfere if Holland was menaced by Germany.

New York, Nov. 5.—If Mayor Van Leeuwen of Amsterdam said anything in New York which might be construed as lacking diplomacy to the extent of warring complications in Holland, it was not generally known in New York during the Hudson-Fulton celebration.

## LU CHUAN LIN SUCCEEDS CHANG.

Imperial Edict Appoints Him to Be  
Grand Secretary.

Shanghai, Nov. 5.—An imperial edict issued at Peking appoints Lu Chuan Lin, the former president of the board of civil appointments, grand secretary in succession to the late Chang Chih Tung. Chang Ying-tang, the new Chinese minister to the United States, will leave here for his new post next week.

## ALL FLYING RECORDS FALL.

Fairman in Air Four Hours and Six  
Minutes.

Montreal, France, Nov. 5.—Henry Fairman, the English aviator, yesterday made a flight for the Michelin cup, beating all aeroplane records for duration and distance. He covered a little over 232 kilometres (144 miles) in 4 hours 6 minutes and 22 seconds. The previous best record was made by Fairman at Bathurst Aviation Field, Reims, in August last, when he won the Grand Prix de la Champagne, travelling 180 kilometres (111.7 miles) in 3 hours 4 minutes 59.2 seconds. The weather was ideal, it being gray and windless, although the cold was severe. The aviator was given an ovation when he landed.

The Michelin cup, offered for the largest flight made each year, is now in the possession of Wilbur Wright, who won it in a flight at Auvers, France, of 2 hours and 20 minutes, on Dec. 31, 1908. Mr. Wright's record has been four times exceeded since, by Sommer on Aug. 7, with a flight of 2 hours and 27 minutes; by Paulhan, 2 hours and 45 minutes, at Rheims; by Farman at Rheims, 3 hours and 4 minutes and by Farman again yesterday.

The Michelin trophy is given by M. Michelin, a wealthy member of the Aero club of France, and consists of a valuable trophy and \$32,000 to be competed for during a period of eight years. Each year the trophy and \$4,000—one-eighth of the cash prize—goes to the aviator making the longest flight.

## MRS. MAYBRICK WINS AGAIN.

The Land Decision in Her Favor Is Af-  
firmed.

Richmond, Va., Nov. 5.—Judgment of the lower court in the case of Abraham Acord against the Western Pochontas corporation, which was appealed from the United States district court of southern West Virginia, was affirmed here early yesterday and \$4,000—one-eighth of the cash prize—goes to the aviator making the longest flight.

Under the decree of the lower court, deeds conveying 2,500,000 acres of land in Virginia, West Virginia and Kentucky to D. W. Armstrong of New York, former counsel for Mrs. Maybrick and her mother, were set aside and Armstrong was ordered to give an accounting of all lands and money handled by him while attorney for them. They employed Armstrong as their attorney to secure deed to the land shortly after the death of Mrs. Maybrick's husband, for which she served a term in British prisons. Armstrong, they charged, sold one tract for \$85,000, after which he is said to have represented the whole property, comprising 2,500,000 acres was worth only \$10,000, and bought himself at that price. The suit has been pending eleven years.

## PANAMA INDEPENDENCE DAY.

The Republic Celebrates Its Sixth An-  
niversary.

Colon, Nov. 5.—All Panama was flag decked Wednesday in celebration of the sixth anniversary of the republic. The occasion was made a holiday throughout the canal zone. Governor Melendez gave a reception. Many American officials were present. At noon the United States cruiser Des Moines fired a salute of twenty-one guns in honor of the occasion. The festivities were continued yesterday.

## PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of itching, bleeding, itching and protruding piles in 6 to 14 days or money refunded. 50c.

## Anty Drudge and the Millionaire's Wife.

Mrs. Envious—"Just because Mrs. Swell's husband has made a million dollars is no reason she should put on airs. I can remember the day when she washed clothes for the millmen right here in this town."

Anty Drudge—"Yes, so can I; and she isn't a bit ashamed of it. She was just telling me yesterday about the first time she used Fels-Naptha in her washing. It made her work so easy that she had time to be bright and happy and help her man along."

It saves you money.

That's a queer thing to say of soap.

But it's true of Fels-Naptha.

How? Simple as A, B, C.

Clothes cost money. When you boil clothes you weaken their fibre just as you soften meat or vegetables by boiling. Hard-rubbing wears them out.

When you wash clothes with Fels-Naptha you neither boil nor hard-rub them. Fels-Naptha does the work far better in cold or lukewarm water in half the time and bother.

Your clothes will wear twice as long if washed with Fels-Naptha. And they'll be cleaner, whiter and sweeter after every washing than you could get them in any other way.

All that's required is to follow easy directions on the back of the red and green wrapper. Be sure and get the genuine Fels-Naptha.

## GOT AWAY WITH \$14,000.

Lone Man Robs Express Office in Broad  
Daylight.

Niagara Falls, Ont., Nov. 5.—After striking William Dobson, cashier, in the office of the Canadian Express company down with a piece of iron pipe, a lone man vaulted over the counter yesterday afternoon and made off with a package containing \$14,165 in cash. He had a confederate who stood outside the door, and the two disappeared down the street, and all efforts on the part of the police

of two counties to locate the pair have thus far been futile.

The package contained several consignments of money from banks here, to their branches in Hamilton and Toronto. It is believed that the two men must have made a study of the situation and learned that it was customary to ship money on the train leaving here at 4:05 o'clock and took the chance of making a haul yesterday afternoon.

## VIEWED SCENE OF CRIME.

Jury in Mullins Case Saw Place Where  
Body Was Found.

Cambridge, Mass., Nov. 5.—It did not take long to show the jury which is trying Peter Delorey and James Mantir for the murder of Annie Mullins, the scene of the crime yesterday, for the field in Arlington where the body was discovered on the morning of March 30, 1908, is only a mile or two from the court house.

The 12 men who began their duties yesterday afternoon were taken out in automobiles, accompanied by court officers and counsel.

After looking over the field, the jury was driven down Massachusetts avenue to the home of Professor Jaggaman, where Miss Mullins was employed as domestic.

The court proceedings were delayed a few hours while the jury was out making the view and the youthful prisoners were kept in their cells in the big jail across the street until the jury returned.

# Made of Forest Roots

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and, in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his

## "Golden Medical Discovery"

which has proven itself to be the most efficient stomach tonic, liver invigorator and blood cleanser known to medical science. Dyspepsia, or indigestion and torpid liver yield to its curative action.

The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements is

## Dr. Pierce's Favorite Prescription,

as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper. Don't accept secret nostrums as substitutes for these medicines of known composition.

## NEW YORK CHURCH SUSTAINS MRS. STETSON

Breach Between New York Christian  
Scientists and Mother Church  
Widens.

New York, Nov. 5.—Fourteen hundred members of the First Church of Christ, Scientist, accepted last night the report of the committee of inquiry of the church governing body, into the seven charges of abuse of power and misrepresentation of doctrine which were brought against Mrs. August Stetson, the titular head of the church, by the board of directors of the mother church in Boston, and upon which she was admonished and forbidden further to teach or practice as a healer in the faith.

The report absolved Mrs. Stetson upon each of the counts in the indictment of the Boston directors and severely censured Virgil O. Stickler, the first reader of the First Church in New York for what was termed his unscientific bias against Mrs. Stetson in the whole course of the proceedings against her.

After the meeting it was said by one of Mr. Stickler's partisans that never before in the history of the church founded by Mrs. Eddy had a church body of the denomination attempted to review the action taken by the directors of the mother church in Boston.

The action of the congregation yesterday did not in any way alter the status of Mrs. Stetson under the rulings of the governing body of the First Church of Boston and in substance, so said this man, it was an act of defiance unparalleled in the history of the church.

Instead of bringing concord back to the congregation, yesterday's action forecasted a wider breach between the two parties in dispute.

## COOK AT WORK ON HIS REPORT.

Preparing His Data For Submission to  
The University of Copenhagen.

New York, Nov. 5.—Dr. Frederick A. Cook, who is here after a lecture tour in the West, commenced yesterday to assemble the papers and reports of the data which he intends to submit to the university of Copenhagen within the next few days.

Doctor Cook said he would devote his entire time to the preparation of his report to the Danish scientists until it was completed and forwarded, as he had promised.

He hoped to get it ready within a week, he said, and in the meantime he did not wish to enter into a discussion of any collateral topics in regard to the North Pole controversy or his proposed trip to the summit of Mount McKinley.

In regard to the resolution adopted yesterday by the National Geographic society, referring the question of priority to the Pole to a committee for investigation, Doctor Cook declined to say anything at this time. He would take the matter up, he said, when it had been brought to his attention officially.

## MAY FALL AT ANY TIME.

New York Criminal Courts Building  
Perilously Unstable.

New York, Nov. 5.—Fears as to the stability of the \$2,000,000 criminal courts building which the building department ordered vacated yesterday as unsafe, were aggravated yesterday by the discovery that preparations were being made for the construction of a heavy timber shield to be laid over the surface of Lafayette street, one of the streets upon which it faces, to protect the subway under which it passes at this point from being caved in should the building collapse.

Street car service on Center street, another of the streets upon which the building fronts, was interrupted yesterday morning and the passengers made to alight two squares above or below the

122 North Main Street, Barre, Vt.

building. Traffic in the subway was allowed to continue, but instructions were given to pass the threatened spot at reduced speed.

The city prison, familiarly known as the "Tombs," which adjoins the criminal courts building on the south, was visited by building inspectors yesterday on the report that it, too, was settling. Examination revealed a small fissure in the outer wall of the structure, but no preparation to abandon the prison were made.

## Whiskey and Beer Habit Cured by

# ORRINE

The Standard Liquor Habit Remedy

Or Money Will be Refunded

Wherever Orrine is known it is recognized as the most successful and reliable treatment for the cure of intoxication. Thousands of grateful men and women everywhere endorse Orrine in words of highest praise. It is sold under a positive guarantee to effect a cure or money will be refunded.
